

CONSTITUTION DAY CELEBRATION

Today is 26th November 2023, this is not just a date. This is the landmark in Indian history because on this day we celebrate "Constitution day". The constituent assembly handover the constitution on the following day in 1949 but Implemented since 20 January 1950.

To give respect every year to our constitution, we celebrate constitution day on this day. We have organised many activities in our school to celebrate this day. It was celebrated in zero period.

Firstly we have seen many videos related to our Indian constitution. Those videos gave us broad knowledge about our Constitution, from those videos we got to know about those persons who had contributed their time in making our constitution. And we also knew about important data and how much time it took to build? After watching those videos we learnt many new things that we didn't know earlier. Essay and Quiz competition was also held for 11th and 12th class and painting competition was held for 9th and 12th class.

The main objective of the activity was to give knowledge of our constitution to the students. The activity was conducted to aware about the rights and duties. In Today's world, students don't know about Indian history of our freedom fighter and struggle so this was helpful. This activity also help the students to know about the political structure governance of our nation.

Through this Activity, students got broad knowledge about our constitution that didn't know. They get to know about how the constitution was framed by the Continuant Assembly and also get to know about articles, parts & schedules of Indian constitution. They also got aware about fundamental rights and duties that every citizen should know.

They got know about struggle and freedom fighters, who made contribution to make our constitution the great. By this, they got know that many provisions had been taken in our constitution from all over the world. They also got some knowledge of the preamble of our constitution.
